Dear Friends,

What an exciting year 2015/2016 was for Domestic Violence Services of Snohomish County (DVS) and the many clients we serve! Over the past year our Housing Department doubled in size, we reached a record number of teens through our “Healthy Relationship” classes in schools throughout the county, and we began developing a new prevention department.

It has been nearly three years since we moved into our beautiful new shelter/service center. Daily we are privileged to see families as they transition from fear to the beginning stages of safety, from confusion to a current of calmness, and from anger to feelings of love and support.

Recently a shelter resident wrote, *“I want to thank all of you from the bottom of my heart for showing so much compassion and understanding from the start. I came here scared, helpless and without a clue, but you showed me I was worth saving, and how to stand on my own. For this, my thanks goes out to all of you.”*

Every day our staff, volunteer teams and Board of Directors work side-by-side to determine the needs for our agency. We reach out to those in our community who are victimized, to those who are survivors and to our community partners. We listen to their thoughts on what we currently do well and what we can do to assist in making the world a better place: one without violence. One thing that *never* changes is that every person who comes through our doorway is listened to and treated with absolute respect and support.

We know that it will take time to create a world where every home is safe...but we know that it *can* happen! Please know how much we appreciate your compassion and your belief in our mission. On behalf of our clients, their precious children, volunteers, Board of Directors and staff, we thank you for making it all possible
